Sir,

Adverting to Government Proceedings $\frac{3514-15}{\text{Inuz } 38-95}$ dated 16th May 1902 Sanctioning an estimate for Rs 63 for constructing monsoon Shatti for the year 1903-04 to the Sri Ramadevaru Chatram at Bisle, Manjarabad Taluk, and requesting to report if it is a recurring charge, and if so to curtail the expenditure on that account as much as possible so, I have the honour to state that the Chatram is situated in the heart of Malnad where on account of the prevalence of the South-West monsoon for more than

than six months, the walls of buildings facing towards the west are protected by the construction of the Monsoon Thatti every year which is therefor absolutely necessary for the protection of the walls of the Chatram

2. Kanathi Thippa of the Chatram undertakes to put up a thatti every year at an annual cost of Rs 25 provided an advance of Rs 15 is paid to him yearly during summer to enable him to purchase hay that would be required for the Thatti. The proposal may be sanctioned tentatively for two years at the end of which period a report will be submitted for further continuance of the system, and sanction may also be accorded to incur the expenditure above mentioned.

3. A bill for Rs 32-10-6 for expenses incurred during 1903 for the construction of a

the Chatram may be kindly
Countersigned and passed for
payment.

4. The vernacular papers
ending with the Senior Assistant
Commissioner's Yadi No 1099 dated
9th May 1905, together with a bill,
are herewith submitted

I have the honour to be
